

We want to show you the Lublin region in the south-eastern Poland, which has many tourist attractions such as nature monuments and memorial sites to offer.

You are going to visit some very special parts of this region with the hilly area of Roztocze and the marshlands of Pojezierze Łęczyńsko Włodawskie – well known for their natural beauty. Also such historical cities as Włodawa, Chełm, Zamość, Krasnobród, Susiec, Szczepieszyn and Zwierzyniec are waiting to be discovered by us. An important place we intend to visit is the palace in Kozłówka and as well the city of Lubartów, which reflects the character of our region.

The city of Lublin itself is a city of cultures and we want to show you a part of it's atmosphere on a Thursday evening walk through the center and the Old Town.

The base camp may be in the city of Lublin, Zamość or in Roztocze, depending on the total number of participants. Be assured that we will arrange for the accommodation, keeping in mind our expectations as to accommodation, good breakfast and traditional evening feasts with bonfire.

Our tour in the Lublin region will consist of two rides combining riding, nature and culture: The first day we will visit Kozłówka, Lubartów, Niemce, Łęczna, Włodawa, Sobibór, Chełm and Lublin. The second day we want to visit some of the following picturesque cities such as Zamość, Szczepieszyn, Zwierzyniec, Susiec, Krasnobród, Janów Lubelski and Kraśnik. Both routes together are around 560 km long but we might shorten them a little to reserve some treasures for the next ride.

We hope for huge international interest in our tour and numerous participants from other Chapters.

For registration please visit our IFMR POLSKA webpage: http://ifmr-polska.org/2018/10/ifmr-polska-international-ride-in-lublin-area-from-20-to-23-06-2019/#pll_switcher

With Rotarian greetings
Janusz Babicz (Tour Organiser)
