We have unique routes here: mountains, winding roads and many interesting natural and historical places. I want to show you and drive these roads together.

We will pass the route through the Stołowe Mountains, Śród Sudecka route and enter the Czech Republic.

I planned a meal in a hunting restaurant there, where you can eat delicious venison. In addition, in the Czech Republic we will see a church that has been rebuilt with a glass roof and Skalne Mesto with very interesting rock forms.

But it will not only be riding on this tour – several places of historical attractions are waiting for you: The site of the camp of Jan III Sobieski’s army, who went to the relief of Vienna in 1683, then two fortresses in Kłodzko and Srebrna Góra, both were built to defend against Napoleon’s army, they were never conquered. The gold mine in Żłote Stok, the Gas Museum in Paczków and the Museum of Technology also in Paczków, whose owner had a private ultralight aircraft factory in the USA, has several dozen cars in its collection and the most valuable exhibit for the owner is the Falcon motorcycle.
